- Google Analytics

LANGUAGES

- English (fluent)
- Dutch (good)
- French (good)
- Greek (native)

PROFILE

All around Visual Designer with over two decades of experience, I combine technical expertise with a deep understanding of modern design principles to create captivating designs.

I am highly proficient in the Adobe Suite, and have extensive hands-on experience with UX design using Figma, as well as video editing and front-end development skills.

During the last couple of years I have developped a passion for AI prompting to generate images and videos, as well as using the integrated AI in Photoshop to speed up editing processes.
